# KNOWDELAY™

## Periodic spring delays

The labor-related delays plaguing Newark will continue, as will weather-related delays across the **Southeast** and **East Coast** and **Central States**. We capture all of this in today's Flight Delay Forecast, valid through Wednesday, May 14th.

- Occasional delays across the Southeast on Monday, Tuesday and Wednesday
- East Coast will experience occasional delays on Tuesday, getting worse on Wednesday
- Minor delays across the Southern Central States on Monday and Tuesday

The Department of Transportation estimates that 75% of flight delays are caused by weather. Use **KnowDelay** to see exactly what airports will be impacted, and which ones will not. KnowDelay can monitor your flights so you'll be ready for any potential delay.

**With KnowDelay, No surprise. KnowDelay.**

Follow us on X @KnowDelay for updates and more insights.
